Annexure-I

Application Form for Teaching Positions
(Part-Time/Contractual/Ad-hoc/Industry Experts & others)

Documents must be submitted with the form:

1. Two copies of passport size recent photographs.
2. Attested copies of all academic certificates, transcripts & other relevant certificates (if any).
3. Experience certificate (if any).
4. List of publications.
5. NID Card Photocopy.
6. NOC for Part time Faculty and Industry Experts.

Instructions:

1. Incomplete or incorrect application will be rejected.
2. Extra rows can be added if necessary.
3. Any kind of persuasion will disqualify the candidate.
4. Applicants, who are currently employed, need to apply through proper channel**.**

Position applied for **:** Lecturer (Contractual)

Department **: Software Engineering**

Major (if any) **:**

Current position (if applicable)**:** Lecturer(Contractual), Department of CSE

1. Personal Information:

SL.	Particulars	Detailed Information
1.	Name	Dipro Paul
2.	Father's name	Jauhar Lal Paul
3.	Mother's name	Shilpi Rani Datta
4.	Date of birth	09-02-2002
5.	Age	26
6.	Gender	Male
7.	Mailing address	House No. 3612, Dokkin Bijoypur, Gournadi 8230, Barishal, Bangladesh
8.	Contact number (s)	01341688117
9.	E-mail address	dipropaul032@gmail.com
10.	Permanent address	House No. 3612, Dokkin Bijoypur, Gournadi 8230, Barishal, Bangladesh
11.	Nationality	Bangladeshi
12.	National ID number	5558746441
13.	Religion	Hindhu
14.	Marital status	Single

Annexure-I

15.	Salary	As per DIU rules.

2. Educational Qualifications (Started from Higher Degree):

Certificate/ Degree	Board/University	Group/ Subject	Division/Class/ CGPA	Passing year
BSc	Daffodil International University	CSE	3.68	2026
HSC	Mahilara Degree College	Science	5.00	2020
SSC	Palardi Secondary School	Science	5.00	2018

3. Academic Achievements (if any):

SL.	Description	Year
01	Champion, NextGen National Hackathon, IIUC	2025
02	5th Place, API Avenger National Hackathon, CUET	2025
03	6th Place, Data Visionary Competition, DIU	2025
04	Certificate of Presentation, IEEE ICCCNT 2025, IIT Indore, India	2025
05	Champion, DIU Accelerator Cup, Lex.AI Project	2023
06	Board Scholarship - HSC	2020
07	Board Scholarship - SSC	2018

4. Professional Experiences (if any, started from last one):

SL.	Designation	Institution/Organization	From (Date) ------- To (Date)
01	Lecturer	Daffodil International University	24-01-2026 to 30-08-2026
02	AI Engineer & Full Stack Developer	Fawz Biz Enterprises	01-10-2025 to 30-06-2026
03	Lead , Product & Business Development	Programming Hero	06-10-2024 to 20-08-2025
04	AI Engineer & Software Engineer	AI and Software Engineer, Contract Projects(JVAI,Softstandard Solutions,Estrach,Hellwet Software)	01-03-2023 to 30-01-2026

5. Professional Training/Conference/Workshop/Seminar (if any):

SL.	Title/Topic	Name of the Institute	From (Date) --- To (Date)
01	Research Policy at Daffodil International University	Daffodil International University	07-04-2026 to 07-04-2026

02	The 16th IEEE International Conference on Computing, Communication and Networking Technologies (ICCCNT 2025)	IIT Indore campus in Madhya Pradesh, India.	06-07-2025 to 11-07-2025
03	Complete Web Development Course	Programming Hero	01-07-2022 to 30-12-2022

6. Professional Award/Recognition/Honor (if any):

SL.	Name of the Award/ Recognition/Honor	Awarded by	Year

7. Language Proficiency:

SL.	Language	Reading	Writing	Speaking	Listening
01	Bangla	Native	Native	Native	Native
02	English	Proficient	Proficient	Proficient	Proficient

8. Computer and Other Skills (if any):

SL.	Detailed Information
01	Programming Languages: Python, JavaScript, TypeScript, SQL, C
02	Backend Development: FastAPI, Django REST Framework (DRF), Node.js, Express.js, REST APIs, CRUD services, API integration, background processing
03	Frontend Development: React, Next.js, HTML, CSS, Tailwind CSS, responsive web development
04	Databases and Data Tools: MongoDB, MySQL,Prisma, PostgreSQL, Mongoose, database design, data modeling, Pandas, NumPy
05	AI and Agentic Systems: LLM APIs, AI agents, agentic workflows, Retrieval-Augmented Generation (RAG), embeddings, vector databases, LangChain, LangGraph, LangSmith, OpenAI, Gemini, Hugging Face Transformers, OCR, OpenCV
06	Engineering and DevOps: System design, modular architecture, Git, GitHub, Docker, CI/CD, Postman, Jira, Vercel, Render, VPS deployment
07	Software Engineering: Object-Oriented Programming, data structures, algorithms, SDLC, Agile/Scrum, debugging, software testing, code review, technical documentation

9. Publications in National/International Journals (if any):

SL.	Title with Author(s)	Journal, with Vol. Number, PP, Year of Publication and Country

Annexure-I

10. Publication of Book(s) (if any):

SL.	Title of the Book	Publisher	Year

11. Publications in National and International Conference/Seminar (if any):

SL.	Title of the Paper with Author(s)	Name of the Proceedings, PP, Year and Country
01	Bangla Tense Classification: Exploring Machine Learning and Deep Learning Techniques, Author: Dipro Paul, Rowzatul Zannat, Nishat Sadaf Lira	Proceedings of the 16th IEEE International Conference on Computing, Communication and Networking Technologies (ICCCNT 2025), IIT Indore, Madhya Pradesh, India, 2025

12. Supervision of Theses/Projects (if any):

SL.	Academic Program	Title	Awarding Year

13.BSc Final Year Theses:

SL.	Academic Program	Title	Year
01	BSc in Computer Science & Engineering	EthosAgentAI – Ethical Multi-Model Agentic AI for Fair Hiring and Skill Development, aligned with SDG 8 and SDG 9	2025

14. Government Project Contribution:

SL.	Description	Live Link
01	AI-Powered Intelligence System Description: •Contributed as an AI Engineer to the development of an AI-powered video intelligence system for a defense ministry–funded project, collaboratively developed within the Department of CSE through the CSE Tech Lab at Daffodil International University. •Developing intelligent video analysis capabilities using AI, computer vision, speech processing, and automated insight generation. •Building Python-based AI services and backend APIs for scalable multimedia processing workflows. •Working on modular pipelines, system integration, error handling, testing, and deployment.	Confidential

	• **Technologies:** Python, FastAPI, AI/ML, Computer Vision, OpenCV, Video Processing, Speech Processing, REST APIs, Docker	

15. Selected Project Work:

SL.	Description	Live Link
01	OgroPath: Personalized Learning Platform Description: •Developed assessment, study plan, mock-test, and learner progress features for a personalized education platform. •Built FastAPI services with RAG, vector search, memory, and LangGraph-based agent workflows for context-aware learning support. •Designed data flows for student profiles, content retrieval, recommendations, and performance tracking. •Technologies: Python, FastAPI, REST APIs, LangChain, LangGraph, Vector Databases, Transformers	ogropath.com
02	ClipForge: AI Video Generation System Description: •Developed a platform that converts text scripts into videos by coordinating narration, image generation, animation, and media rendering services. • Built REST APIs and background workflows for concurrent rendering, failure handling, and progress tracking. •Technologies: Python, FastAPI, TypeScript, GPT-4, DALL-E 3, ElevenLabs, MoviePy, FFmpeg, OpenCV	clipforgereels.com
03	Interview Integrity and Compliance Platform Description: •Built a full-stack interview verification platform using a TypeScript frontend and modular Python/FastAPI services. •Integrated MediaPipe, OpenCV, OCR, OpenAI, and Hugging Face models through a staged verification pipeline. •Added fallback processing and consensus checks, reaching 95–100% accuracy in tested scenarios. •Technologies: Python, TypeScript, FastAPI, REST APIs, MediaPipe, OpenCV, OpenAI, Hugging Face, Tesseract.js	interviewagent.vercel.app

Annexure-I

16. Open Source Project:

SL.	Description	Live Link
01	SemFuse: Multilingual Semantic Search and RAG Framework Description: •Built a multilingual semantic search and RAG framework supporting Bengali, English, Banglish, and cross-lingual retrieval with zero-configuration developer APIs. •Implemented hybrid semantic and BM25 retrieval, reranking, metadata filtering, Banglish transliteration, persistent local storage, and TXT, MD, PDF, and DOCX ingestion. •Developed citation-aware RAG and evaluation workflows covering Recall@K, MRR, NDCG, answer accuracy, faithfulness, and citation accuracy. •Maintained 310 passing tests across unit, integration, language detection, retrieval, persistence, and RAG evaluation; packaged with Docker multi-architecture support. •Technologies: Python, RAG, Semantic Search, BM25, Embeddings, Vector Databases, NLP, Bangla NLP, Docker, PyPI	PyPI | Github
02	media-data-extractor – YouTube Data Extraction Toolkit Description: •Built a network-first YouTube data extraction toolkit using Chrome DevTools Protocol and browser network payload capture. •Implemented extraction of video metadata, transcripts, captions, comments, engagement metrics, dislike counts, summaries, and sentiment analysis. •Developed concurrent batch scraping, checkpoint-based crash recovery, automatic resume, channel and playlist crawling, comment filtering, and multi-format export pipelines. •Maintained 534 passing tests with CLI tooling, Docker Compose support, video quality selection, playlist playback, and research data workflows. •Technologies: Python, Selenium, Chrome DevTools Protocol, Web Scraping, NLP, Sentiment Analysis, CLI, Docker, JSON, CSV, XLSX, SRT	PyPI | Github
03	Promem-MCP – AI Agent Project Memory Runtime Description: •Built a local-first Model Context Protocol (MCP) runtime providing persistent project memory and context management for AI coding agents. •Implemented SQLite-based memory, FTS5 search, token-budgeted retrieval, Git intelligence, environment diagnostics, secret redaction, and stale-context detection.	PyPI | Github

	•Developed session continuity and project handoff workflows with automatic project detection and configuration support for 12+ AI coding clients. •Designed a privacy-focused runtime with zero cloud dependencies and no network requests for local AI agent workflows. •Technologies: Python, MCP, SQLite, FTS5, AI Agents, Git, Context Management, Information Retrieval, CLI	

17. Professional Body Membership/Fellowship/Other Noteworthy Affiliations (if any):

SL.	Description	Year

18. Other Necessary Information (if any):

- Currently serving as a Contractual Lecturer in the Department of Computer Science and Engineering at Daffodil International University, Taught undergraduate courses in Artificial Intelligence, Database Management Systems, Web Engineering, System Design, and Mobile Application Design to 250+ students, with emphasis on practical implementation and industry-oriented learning.
- Contributed to curriculum design and course-content development for AI and CSE-related courses, emphasizing practical implementation, modern AI technologies, software engineering practices, and industry-oriented learning.
- Actively mentoring students in programming, software development, research methodology, project implementation, testing, documentation, and academic presentations.
- Actively engaged in research in Artificial Intelligence, Computer Vision, Bangla/Banglish NLP, Explainable AI, Sentiment Analysis, and Retrieval-Augmented Generation (RAG).
- Submitted journal manuscript: "A Hybrid Feature Learning Model with Residual CNN Blocks and Vision Transformers for Improving Lung Cancer Detection from Medical CT Images."
- Conference paper ready for submission: "Towards Transparent Emotion Detection in Bengali and Banglish: An Explainable AI Approach for Code-Mixed Sentiment Classification."
- Conference paper ready for submission: "A Study on Deep Convolutional Neural Networks, Transfer Learning and Ensemble Model for Apple Leaf Disease Detection."
- Developed a stance-detection research dataset and accompanying data paper using scraped social-media data, containing approximately 20,000 posts related to five Bangladeshi cricketers.
- Conducting ongoing research on LLM-based Retrieval-Augmented Generation (RAG), focusing on retrieval quality, grounding, evaluation, and practical deployment.
- Accepted paper: "Bangla Tense Classification: Exploring Machine Learning and Deep Learning Techniques," presented at IEEE ICCCNT 2025, IIT Indore, India.
